1. WELCOME AND INTRODUCTION

We are pleased welcome you to ERC Delfi Rally Estonia!

Together with the FIA, the WRC Promoter, the Estonian Government, our good supporters and partners and the professional organising team, we have the greatest pleasure to organize the ERC rally event here in Estonia after seven years of break in ERC calendar. In recent years, the ERC series has become a very attractive and competitive sports event.

Our mission is to provide teams, crews and spectators with a high level of organisation, an unforgettable experience and extraordinary emotions based on our fourteen years of rally experience. We have selected the best gravel stages and are bringing back the tradition of the Elva city stage, which is the hometown of Martin Järveoja. The Rally HQ, Media Center and Service Park are located in Tehvandi Sports Center in Otepää. The start and finish of the event will take place on the podium on Tartu Town Hall Square. The access to the start and finish podium and Service Park is free for all spectators.

Similarly to last year, we also expect the drivers of the Estonian Rally Championship and local Trophy competitions to participate in the rally weekend.

The entire organising team will do their best to make ERC Delfi Rally Estonia 2024 full of adrenaline and unforgettable emotions.

Looking forward to seeing you in Estonia!

Urmo Aava
Rally Director

1.1 ENVIRONMENTAL POLICY

The organiser of ERC Rally Estonia 2024 promotes environmental awareness and makes every effort possible to ensure that the event causes as little ecological stress for environment as possible. As an organiser of a round of WRC, we achieved the 3-Star Level of the FIA Environmental Accreditation Programme in 2022 and we will give our maximum effort to maintain this level and improve.

ERC Rally Estonia takes responsibility about climate change and carbon footprint in our field, calculates carbon footprint and continues offsetting emissions via compensation – planting trees. Our goal is to reduce the environmental impact by monitoring performance indicators and taking remedies in the main impact areas. Partners will be involved to fulfilling our vision through procurement policy, communication and training. Relevant stakeholders have been identified and we cooperate to achieve the goal.

Regarding the FIA Environmental Programme, evaluating and reducing the environmental impact of motorsport is playing an integral role. Based on the FIA's recommendations the event organisation has improved the training of marshals, formal documentation and monitoring of the environmental performance. We have improved the monitoring of the event carbon footprint and waste management system and want to be a good example in terms of environmental issues nationally as well as internationally.

ERC Rally Estonia considers important to participate in discussions of sustainable development together with scientists, other organisations and public. For that purpose we have joined the Rohetiiger (Green Tiger) programme as a founding member. Rohetiiger is a cooperation platform with an objective to become a representative organisation in sustainable development discussions, to lay down the foundation to balanced economy and to perform a green leap in Estonian society.

Rohetiiger

Key elements for ERC Rally Estonia 2024 will be to put effort into increasing the environmental awareness not only in the members of organisation and stakeholders but also among spectators, partners and teams. Environmental issues, such as selecting eco-friendly products and local services and reducing emissions are taken into consideration and uniquely identified with each partner company. In order to promote environmental sustainability and enhance responsibility we aim to implement the following activities and ask our partners to follow them as well:

- Promote environmental awareness in all our channels and communication.
- Comply with all relevant laws and regulations, including environmental requirements and FIA Environmental Accreditation Programme.
- Require environmental responsibility from stakeholders, cooperative partners and suppliers
- Pay close attention to cooperating with all landowners, residents and road owners.
- Set environmental objectives and targets, and measure them.
- Concentrate on energy efficient and sustainable solutions, for example using renewable energy sources when possible.
- Reduce the number of documents printed on paper, preferring digital formats and printing only the documents required by the FIA.
- Reduce carbon emissions - use hybrid or electric cars as most of the organisational vehicles, hold online meetings.
- Search for ways to optimise transportations and logistics to decrease emissions as much as possible: carpooling, public transportation.
- Make a thorough plan for emergency situations and implement it actively.

1.2 HISTORY OF RALLY ESTONIA

The idea to organise a new rally was born over 12 years ago when Silver Kütt, a co-driver with the experience of participating in seven WRC rallies, presented his idea to his good friend, a former WRC driver Urmo Aava. After sharing the idea with a “marketing mastermind” Tarmo Hõbe, who named the new rally “Rally Estonia”, first steps were taken.

The idea that first seemed unbelievable back in 2009, has grown year by year and now Rally Estonia has become a WRC event. The first Rally Estonia took place in 2010 and the first ever winner of the rally was the local hero Markko Märtin who won five World Championship rallies during his WRC career. The first two-time champion of the event was Mads Østberg, the winner of Portugal WRC Rally 2012, who was fastest at Rally Estonia in the years 2011 and 2012.

The high level of competition, having Märtin, Østberg and Latvala family participating among others, raised the bar high for the organisers to keep. From 2014 until 2016 Rally Estonia was part of the European Rally Championship (ERC) and in 2014 it was voted as the best ERC rally of the year.

In 2019, Rally Estonia hosted the first ever WRC Promotional rally. In June 2020 Tarmo Hõbe received a call from WRC Promoter CEO Oliver Ciesla who offered Rally Estonia to organise the first ever World Championship event in Estonia.

Estonia became the 33rd country in WRC history to host a WRC event. After a half year break in WRC calendar due to the COVID-19 virus, the first ever official WRC Rally Estonia and the 600th event in the history of WRC was run from 4-6 September.

The first winners of WRC Rally Estonia were the local heroes and 2019 World Champions Ott Tänak – Martin Järveoja.

On 11th of January 2021 Rally Estonia organising team won the ASAHI KASEI TEAM SPIRIT AWARD and two days later Rally Estonia organisers and the WRC Promoter announced that Rally Estonia will stay in WRC calendar for the years 2021 and 2022. In 2020 Rally Estonia celebrated the 10th anniversary and in 2021 Estonian auto- and motorsport celebrate 100 years.

Besides local stars Rally Estonia has welcomed many world top rally drivers over the years, such as WRC drivers Sébastien Ogier, Elfyn Evans, Thierry Neuville, Esapekka Lappi, Jari-Matti Latvala, Teemu Suninen, Craig Breen, Hayden Paddon, Yazeed Al-Rajhi, Martin Prokop, Toni Gardemeister and ERC Champions Alexey Lukyanuk, Kajetan Kajetanowicz and Oliver Solberg.

The only crew who has won Rally Estonia three times in a row are the local heroes and 2019 World Rally Champions Ott Tänak and Martin Järveoja.

In 2021 Kalle Rovanperä and his co-driver Jonne Halttunen took the first win of their WRC career at Rally Estonia. With that achievement Rovanperä made WRC history becoming the youngest WRC Rally winner of all time at the age of 20 years and 289 days.

In 2022 Rovanperä / Halttunen repeated the result they achieved a year before and became double winners of WRC Rally Estonia. 22-year-old Robert Virves set a new record with most Special Stage wins in the Junior WRC Category at a single rally event. The Estonian won 17 stages – one more than the previous record holder World Champion Sébastien Ogier.

Rally Estonia 2023 was supposed to be a Battle of Champions - Rovanperä vs Tänak, but when the local heroes Tänak / Järveoja suffered a pre-event engine failure which resulted in a 5-minute time penalty, it was Rovanperä / Halttunen who completed a hat-trick of wins in Estonia. For the runner-up Hyundai Motorsport it was the third double podium in four years. When in overall classification Rovanperä took the third win in a row, then in Andreas Mikkelsen pulled a hat-trick of his own, remaining unbeaten for the third time in a row in WRC2.

5. SERVICE PARK

5.1. LOCATION AND SERVICE SPACE

The Service Park is located at Tehvandi Sports Centre, Otepää.

GPS coordinates: N 58° 03.15 E 26° 30.7

Surface: asphalt / gravel

Entrances to service bays differ (either from the front side or rear side of the service bay), depending on the location of the service bay in the Service Park.

In agreement with the Organiser, competitors may order additional service space with the price of 25 EUR/m² + 22% VAT, in case there is still additional space available in the Service Park.

If a competitor has multiple competition cars to be located together in Service Park, the application for consecutive Service Areas must reach the Organiser by Wednesday, 19 June.

After the entry closing date, the layout of Service Park displaying service space designated to each competitor will be published on the Official Notice Board.

5.2. ACCESS TO SERVICE PARK

NB! Only vehicles with Team and reconnaissance plates issued by the Organiser are allowed to access the Service Park. An access map for trucks and team vehicles will be published with Rally Guide 2. The vehicles must be clearly identified by designated sticker plates affixed on the windscreen. Removal of the sticker is prohibited until the end of the rally.

Auxiliary plates will be issued according to the entry packages.

➤ **Parking for Auxiliary and recce cars. Trailer park**

Designated parking areas will be close to Service Park. Maps with the layout of the parking areas will be published with Rally Guide 2.

5.3. ACCESS TIMES FOR SET-UP

The Service Park will be accessible for set-up starting from Tuesday, 2 July 12:00.

Please contact the Service Park Manager mr. Mirko Usin phone +372 53 304 798, e-mail service@rallyestonia.ee for direction to your allocated service area.

5.4. RESTRICTIONS IN SERVICE PARK

It is forbidden under any circumstances to drill holes in the tarmac surface at the Service Park. Teams and competitors are asked to bring weights for tents and other items that need to be fastened.

Teams and competitors are responsible for the occurrence of no leakage of fuel, waste water (including water from washing car parts) and other liquids on the ground. Any detected fuel leakage may force the teams to dismantle their units and tents during the rally.

Waste will be collected from behind the service bays each night. Please leave your garbage bags at the back of your area to be removed.

5.5. FACILITIES AND SERVICES IN SERVICE PARK

The following services will be provided at the Service Park (without charge):

- Public toilets
- General lighting
- General security

The following paid services may be ordered by using the order form available on website www.rallyestonia.com in the Competitors > Forms section:

- Additional service space (if available)
- Wireless internet router
- Power supply

6. TWO-WAY RADIO

All radio equipment used at the competition must comply with the requirements established in Estonia and the radio frequencies must have frequency licenses. The use of radio frequencies is regulated in Estonia by the Consumer Protection and Technical Regulatory Authority <https://www.ttja.ee/en>.

Teams may use PMR446 (Personal Mobile Radio) compliant radio stations and equipment for communication within the team without the permission of the Consumer Protection and Technical Regulatory Authority.

7. IMPORT OF VEHICLES AND SPARE PARTS

- Competitors coming from the European Union do not need to make any special custom clearance for temporary import of cars and equipment with the purpose to participate in Rally Estonia.
- Competitors from outside the European Union have to report to the customs at arrival in Estonia.

Please contact the Custom authorities in Estonia well in advance, Estonian Tax and Customs Board (Narva mnt 9j, 15176 Tallinn) Phone: +372 880 0814 website: <https://www.emta.ee/eng> for current information about the correct procedure.

8. HELICOPTERS AND DRONES

8.1. HELICOPTERS

Only helicopters registered with the Organiser and following the instructions of the Organiser are permitted to fly within the airspace of the rally area and land at the service area or other sites during the rally.

The deadline for Helicopter applications is Wednesday, 26 June. The Helicopter Application form will be available in the Competitors section at www.rallyestonia.com.

The number of helicopters permitted to fly will be decided after the deadline of applications. Information about the administrative fee and payment will be sent to the applicants who have been accepted.

All pilots will receive a pilot's pack containing timetables, maps and necessary information. Before the rally, a briefing for all pilots is mandatory. The time and date for the briefing will be shared with the pilots.

For any queries and information, please contact us by e-mail helicopters@rallyestonia.ee.

8.2. DRONES

CLIMATE AND WEATHER

The weather in Estonia is largely dictated by its closeness to the Baltic Sea. In the summer the skies are blue and temperatures can reach 30° C. The summer average is a very pleasant 16.4°C. The weather forecast in Estonia is available via weather.ee.

TRAFFIC

- Estonia has right-hand traffic and an extensive road system, the quality of which varies.
- Visitors need driving license, provided it is valid for the class of vehicle they wish to drive.
- The maximum speed limit is 90 km/h, in residential areas 50km/h, unless otherwise indicated. In the summer, the speed limit is 110km/h on some highways. A driver who has exceeded the speed limit can be punished with a financial penalty, an arrest, suspension of the right to drive or vehicle confiscation.
- Estonian highways tend to be narrow, therefore it's important to pay attention to the speed limits and to pay extra attention when overtaking. Speed cameras are common in Estonia and speeding is rarely tolerated.
- The use of front and rear seat belts is compulsory.
- The blood/alcohol limit in Estonia is 0,2 milligrams of alcohol per litre of blood. Driving while under the influence of drugs and alcohol is prohibited and strict penalties are in place for anyone caught doing so.
- It is illegal for drivers to use a mobile phone without a hands-free device and holding a telephone in hand while the vehicle is moving.

- Headlamps must be on at all times while driving.
- When moving on the road in poor visibility or at night-time, a pedestrian must use a reflector or a light source.

OTHER INFORMATION

- Water: Tap water is safe for drinking.
- Power: 230 V (volts).
- Plugs and sockets are of a two-pin design.
- Smoking is not permitted by law in enclosed public places and workplaces.
- The country code for Estonia is +372. So when you call from home its +372 followed by the local number.
- When calling home from Estonia, put 00 or + in front of your country code.
